Heatmaster outdoor lifestyle designs

Architectural series

Warm Nights

After more than 25 years of supplying Australian homes with quality Australian made open fires Heatmaster would like to introduce some design options to enhance your outdoor lifestyle. Extend your BBQ season by warming up those cooler nights with an outdoor Heatmaster open fire.

As with all Heatmaster designs you can choose from a range of sizes from 450, 650, 750, 900 & 1200. A range of styles from ultra contemporary to traditional or period styles. Options for fuel type with wood burning units for maximum heat efficiency or gas units for the convenience of push button ignition.

All Heatmaster units except the Z1200 are available in an insulated version which is suitable for timber installation.

Please speak to your Heatmaster dealer about the best options for your outdoor fire and Heatmaster garden oven.

Heatmaster's garden oven: Ideal for alfresco dining.
